- Operational
- July 18 Anniversary Issue of Diario de Centro America

1. Andrew F. Merton, staff employee formerly at Guatemala and now at LINCOLN, recalls that the Guat station files contained a complete copy of subject issue for either 1951 or 1952.

2. Subject issue commemorated the successful defense of the Arevalo government in the revolutionary events following ARANA'S assassination July 18, 1949, and recorded many details of possible interest to PROSECUTOR.

3. If the Guatemala station is able to locate the issue in question, it would be appreciated if it were pouched to LINCOLN for use in PROSECUTOR planning.
